Tip of the Month

Cutting holes in a cowl is a necessary evil for most of us, but glow plug, fuel and needle-access holes don't have to be ugly. A simple way to clean up these openings is to fit rubber grommets around the lip of each hole. These grommets are available from electrical and hardware stores in a variety of sizes.

Minutes of January 16th, 2007 Meeting

The January 16, 2007 meeting of the RC Propbusters was called to order at 7:01 PM with 25 members present. The minutes of the December meeting were read by Bill Mares and accepted. Ron Czikowsky was not present so the report will be made at the February meeting. Fred Meyer wrote up a memorial about Ed Avena (one of our clubs founders) who passed away. We will try to have MA publish it. If not then Our Club will take out an advertisement in the magazine and have it published. Fred also suggested we change the name of the Berringer to the Warbird & Vintage Aircraft over Salem in Memory of Bob Berringer and Ed Avena.

AMA Event- Up in the air

Old Business:

John banks will head up a committee to research a mat of some type for the runway and size for use with electrics.

Dennis announced the new lease was signed and that the new area for helis would be approximately 50' by 300' and the price of the lease would be \$2000 per year.

Chris James offered Boy scouts help with clearing trees and brush and that would take place in April sometime.

Dennis stressed that frequency control will be very important. Especially an H on cards for heli pilots.

Membership cards are still being worked on, and any cards not picked up at the meeting will be left in the safety box at the field.

Mohegan sun Fly went great, everybody that could make it had a great time. The next time we will be there will be in April, this will also include training for flying the Blimp. Dennis put out another signup sheet for blimp pilots.

We are looking into schools for flying electrics in so anybody with info pass along to Dennis.

New Business:

The cub scouts would like to fly their rockets on Saturday March 31st from 9 til noon. It was voted on and passed.

We voted on Freds motion to pay for an Ad in MA if need be. It passed

Ron sent flowers to Ed Avenas Family on behalf of the club.
