Minutes of September 18, 2007 Meeting

The September 18, 2007 meeting of the RC Propbusters was called to order at 7:55 PM with 20 members present. The minutes of the August meeting were read by Bill Mares and accepted. Ron Czikowsky was not present, so no treasurers report.

Committees

Heli (Aug 25, 26)- No report from Mike Swift but it did go very well

Old Business:

It was asked if we should seek any restitution for the A10 kit that was missing parts that the club paid for, for the electric raffle. After discussion, it was decided that what was done is done and that we should move on and put it behind us.

It was announced that a float fly in Thompson would be on the 23 of Sept.

Dennis said he got an email from Bruce at Mohegan Sun to set dates to fly at the Arena and discuss flying the blimp next year.

Chris James he heard nothing from Salem School as to when we could fly there.

New Business:

It was suggested the secretary include Officers on the Club Roster.

A committee was formed headed up by Tom Vernon to go over the club bylaws and make sure all changes have been added over the last few years and to make sure all wording is correct. And present any changes back to the club.

We need to look into finding another source for a printed newsletter for our members who have no access to email.

Jack suggested that all new members read all rule and regulations posted at the field and or on the website.

It was also suggested that we put together a "New Members kit" that would include copies of rules, bylaws, safety, and proper etiquette for flying at the field.

Good and Welfare

John Banks notice some motor cycle tracks on the field, so if anybody sees him please ask him to leave.

Dennis asked that we start thinking about elections of Officers and what events we would like to do next year.

Minutes of October 16, 2007 Meeting

The October 16, 2007 meeting of the RC Propbusters was called to order at 8:02 PM with 20 members present. The minutes of the September meeting was read by Bill Mares and accepted. Ron Czikowsky gave the Financial Report and it was accepted.

Committees

Bylaws Committee. Tom Vernon had a meeting to discuss and make sure the Bylaws are up to date. The committee came up with some word changes that need to be incorporated and a few updates. Tom discussed some of the changes at our meeting and will be publishing a finished copy to Fred and he will email it for all members to review and comment on before we vote on it.

Old Business:

It was noted that Jack hadn't been paid yet for his tent that the club was purchasing from him. Ron took care of it and gave him a check.

Dennis shared with every body that the Board of Directors had a meeting before the start of our regular meeting and the discussion of a budget. It presently takes about \$6000/year to maintain everything for the Club. One of the Bylaw changes requested was to Authorize the B.O.D. to assess the budgetary requirements yearly and adjust membership dues as needed.

Dennis heard from his friend at the mill and were going to get a piece of mat(wire) for electric flyers at the field for testing, it will be 6' wide by 40' long.

Dennis got a call from Salem school and so far our proposed dates were taken. They will contact us when its available.

When Dennis gets back from school he will check with Bruce from Mohegansun and discuss flying options.

New Business:

Jack requested help for Saturday morning October 20 at 9:00 to help clean out trailer and waterproof the tables.

Jack proposed a committee to looking into getting a new Port-a-Pottie. It will consist of Ron Czikowski, he will also look into maybe getting a handicapped one.

Jack will be researching Prices on a new lawn tractor as our are starting to get worned down.

We have to new Heli Instructors that Volunteered; Mark O'Connell and Rob Larson.
