NOTICE

Next Event, NEPRO Pylon Race Oct 5th 2008

TIP OF THE MONTH

Shortening screws & bolts

Tape pieces of ply together to get the correct thickness & use the surface of the ply wood as a guide for your cutoff wheel. This also works with bench grinders, diagonal cutters, & other similar tools, all the parts can be cut prior to wearing out the jig too much. The plywood holds the part securely, & you will not burn your fingers.

Minutes of August 19, 2008 Meeting

The August 19, 2008 meeting of the RC Propbusters was called to order at 8:00 PM with 21 members present. The minutes of the July meeting were read by Bill Mares and accepted. Ron Czikowsky gave the Financial Report and it was accepted.

Committees

Neighborhood Fun Fly. Was a low turn out, Media didn't support our advertising. Thanks to everybody that did come out. Because of the low turn out, we decided not to have the raffle. The club voted to sell the trainer at cost to someone new to the club or if it doesn't sell, then we will hold it till next year. Fred will advertise it in the news Letter.

Pylon Race. Set for October 5, 2008. Club members are needed to volunteer to help Calvin and the NEPRO crew. Email Calvin at calvinestewart@yahoo.com

This is a money maker for the club. So please help out.

Old Business:

Fred sold the tractor. Ron has applied the money to the Tractor loan.

Tom is still looking into a donation of a family pass to a museum or someplace similar instead of donating cash to the Library.

New Business:

We will be having a Board of Directors meeting in the next few weeks to go over expenditures and decided our budget.

Next month we will start a 50/50 raffle at the meetings to help raise funds for the club.

Good and Welfare

Election of Officers will be coming up soon. So please start thinking of who you want in office.
